Substantive information obtained from interview

McKenzie is nineteen years old. He was born at UMC hospital. He was born premature.

Mother: Rita Chapman
Father: Marshall Adams
Sister: Willow Chapman
Brother: Martin Chapman
Grandmother: Earline Chapman (deceased)

He lived with his mother, grandmother and sister at his grandmother's house.

McKenzie attended Boyd Elementary, Brinkley Middle School and Callaway High School. He repeated third grade and seventh grade. He repeated third grade because he loved the teacher and he didn't want to go to another class. He went to Youth Court a couple of times for stealing and smoking weed. He never went to Oakley Training School. After his grandmother died in 2011, his family moved to a lot of different apartments.

In 2013, he went to live with his best friend's family for a year. His friend was named Jake Bannerman. Jake's mom's name is Joyce. He really liked living with the Bannermans but he went back home because he was worried about his little sister Willow.

He was in the hospital when he was a baby but he doesn't remember it. When he was about 8 he crashed his bicycle and had to get stitches on his forehead. He hurt his shoulder playing football. He got a concussion once while playing football but never lost consciousness.

When he was 14 he was driving a go-cart he made on the road and he got hit by a car and had to

go to the hospital. Joyce Bannerman took him to the hospital.

His mom uses drugs and is gone a lot and he looks out for his little sister. They are very close.

After his grandmother died, he started staying out late more and drinking beer and smoking weed. He knew a lot of folks but he didn't have many friends. He really liked Georgiana Starlington. She was his girlfriend for a while but then broke up with him.
